

# 2020 CHAK CABERNET-SAUVIGNON

VALLE DE COLCHAGUA  
CHILE

# Nahuel<sup>Viña</sup>

Chak stands for *together, jointly* in the language of the Mapuche Indians, the native inhabitants of Chile. 2020 was a very typical wine-year for Chile: hot days and comfortable nights, delightfully cooled by the fresh evening breeze from the nearby Pacific Ocean, resulting in the perfect ripening of our healthy grapes. The 37'500 self-rooted vines on our 6 hectares are over 80 years old, rugged and full of power. Blessed with our perfect climate and the ideal terroir, rich of minerals which the waters have carried over centuries from the Andean mountains, are the best prerequisites for the production of my extraordinarily rich and harmonious wines.

In the heart of the Colchagua Valley, one of the most prestigious wine areas of Chile, Daniel Wiederkehr found the perfect place to realize his longtime dream: the creation of his own quality wines, produced with passion and enthusiasm. He resolutely follows the principles of biological winegrowing, the lunar cycle and produces his own fertilizer made from the residues of winemaking (Pomace) and sheep dung.

In Chile's largely anonymous wine market his honest wines are truly unique, thanks to their small scale, handcrafted and original production method.

*"They unite the best of my two worlds: authentic character wines between Bordeaux-type elegance and Chilean spice."*

Daniel Wiederkehr
